

Talk to a Doctor...Right Now!

TelaDoc is a national network of board certified physicians providing cross coverage consultations 24 hours a day, 365 days a year. TelaDoc physicians use electronic health records (EHRs) and telephone consultations to diagnose, recommend treatment and write short-term non DEA controlled prescriptions, when appropriate. TelaDoc does not replace the existing primary care physician relationship but instead enhances it with an efficient, cost-effective alternative for minor medical problems. Simply logon to your TelaDoc account or call [1.888.682.1165](tel:1.888.682.1165) and, in most cases, **speak to a doctor in less than thirty minutes.**

The TelaDoc Guarantee: A TelaDoc physician will contact you within three hours or the consult is *free*.
